

INTERNET PERMISSION SLIP
2010-2011 School Year

Dear Parents:

We are very excited that we are able to offer your child(ren) a new and updated computer lab this year. With this lab, our teachers can utilize technology to enhance your child(ren)'s learning experience through internet research and projects. In order to do this, we need to get your permission to allow them access to the internet.

To protect your child(ren) we have installed Net Nanny software which filters out any "unwelcome" sites. Children must also have a teacher's supervision in order to use any school computer. Any unauthorized or inappropriate use of the internet will be cause for disciplinary action.

Your signature below indicates that you and your child(ren) are aware of Cincinnati Hebrew Day School's internet access and its use in the classroom and give your child permission to participate in its use. Please return to the office before the new school year begins. You need only one form per family.

Thank you,

Rabbi Kernerman
Principal
